

That's What I Like About You (ESP 174) Elmer Sheffield, Jr.

OPENER - MIDDLE BREAK - CLOSER Basic

Well you **walk around your corner, see saw your partner**
Men star right in the middle and you roll it you run
Pick up the partner, star promenade, go round the ring
Girls roll back, allemande left and **weave the ring**
*I like somebody who is crazy about me
Swing a little girl and you **promenade** you see
Oh yeah, that's what I like about you

FIGURE Plus, corner progression

Head couples square thru and you roll it along
Make a right hand star and turn the star, move along
Heads star left inside the ring you know
Dosado, back up, look at her, **pass the ocean** go
Do a **linear cycle** then that corner you **swing**
Swing a little girl and you **promenade** that ring
Oh yeah, that's what I like about you

ALTERNATE LYRICS

*I like somebody who will stay beside me

*I like somebody who can make it happen
