

Knee Deep In Bluegrass (ESP 216) Tim Marriner

OPENER - MIDDLE BREAK Basic

Circle left

*Everything I own is in my old Ford, except what's on my back
 I got one more stop before I go, to pick up my last check
Left allemande with the corner lady, better **dosey round your own**
Four boys star by the left in the middle, it's **a full turn** towards home
 You'll **turn your partner by the right**, to the corner **allemande**
 Hey **swing your own**, go 'round and 'round and **promenade** the land
 Any part of ol' Kentucky's, home sweet home to me
 Knee deep in bluegrass is where I'm gonna be

FIGURE Mainstream, corner progression

Heads (sides) promenade go halfway round the floor
Walk in and pass the ocean, extend once more
Swing thru, go two by two **spin the top** for me
 Boys walk up, a **right and left thru**, turn the girl you see
Flutter wheel go around, and **sweep 1/4** more
Swing that lady round and round, **promenade** the floor
 Any part of ol' Kentucky's, home sweet home to me
 Knee deep in bluegrass is where I'm gonna be

CLOSER Basic

4 boys promenade in the middle of the ring and go
 Well come on back let's **swing** and whirl the partner high and low
 Join all hands and **circle left** get movin' round the ring
 Do an **allemande left** with the corner of the hall and **weave** around your ring
 When I'm knee deep in bluegrass, I'll be satisfied
 I don't care if it's bottom land or rocky mountain side
 Any part of ol' Kentucky's, home sweet home to me
 Knee deep in bluegrass is where I wanna be

ALTERNATE LYRICS

*These wheels ain't a gonna make a stop in no other town
 Until I know my feet will touch that good Kentucky ground
