

Almost Like Being In Love (ESP 909) Steve Kopman

OPENER - MIDDLE BREAK - CLOSER Basic

Well now those **four ladies chain**, turn 'em with an arm around
You **roll away** and **circle to the left**
Yes, those **four ladies roll away** again and **circle left**
Left allemande and **weave the ring**
Oh the music of life seems to be
Swing your girl and **promenade** you see
And when the bell starts to peal from the way that I feel
Why it's almost like being in love

FIGURE (twice for heads, twice for sides) Basic, corner progression

Well now the **heads promenade** get **halfway** and then
Walk into the middle and do the **right & left thru**
Then you **square thru** and go movin' round you know
Make a right hand star and turn it and go
Those **heads star left one time** inside the set
Swing your corner girl and **promenade**
And when the bell starts to peal from the way that I feel
Why it's almost like being in love
